

RULES FOR

MODIFIED 4-PERSON CURLING

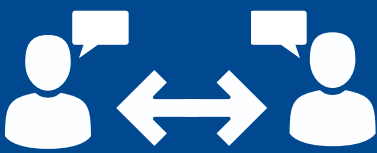

- 2m physical distancing between all curlers.

- Three curlers involved in the shot. The fourth sits out on marker.

- One sweeper only between the T-lines. Non-throwing team cannot sweep.

- Skips discuss shots with Thirds while physically distant.

- Avoid shouting when moving past other curlers.

- Wear a mask if you feel comfortable doing so. Don't forget to bring several masks because your breath and the humidity will decrease the effectiveness of your mask.
